

How CDARS® Can Work for You

Multi-Million-Dollar FDIC Insurance. Using the CDARS service, you can access multi-million-dollar FDIC insurance on CD investments.¹

CD-Level Returns. You can earn rates that historically have compared favorably with other investment alternatives, including U.S. Treasuries and money market funds.

One Bank. You work directly with just us – the bank you know and trust – to secure large deposits. With CDARS, you can avoid the hassle of opening accounts at different banks in different insurable capacities.

One Rate. You earn one interest rate per maturity on your CD investments through CDARS. With CDARS, there is no need to negotiate multiple rates or manually tally disbursements for each CD.

One Statement. You receive one regular statement detailing your CD investments. You no longer need to consolidate statements at the end of each month, quarter, or year.

No Fees. You pay no hidden fees of any kind. We do not charge annual fees, subscriptions fees, or transaction fees for using the CDARS service; the rate you see is the rate you get.

Reduced Collateralization. By making your CDARS deposits eligible for multi-million-dollar FDIC protection, you can reduce the time-consuming task of tracking collateral values on an ongoing basis.

A Wide Variety of Maturities. You can select from various maturities – ranging from 4 weeks to 5 years (260 weeks) – and choose the terms that best suit your investment needs. You also can ladder your CDs or combine maturities to create the equivalent of a customized term.

Community Investment. Your funds can support lending initiatives, including special development projects that strengthen the local community.²

[1] Limits apply. Funds may be submitted for placement only after a depositor enters into a CDARS Deposit Placement Agreement with us. The agreement contains important information and conditions regarding the placement of funds by us.

[2] When funds are exchanged on a dollar-for-dollar basis with other banks in the CDARS Network, we can use the full amount of deposits placed through CDARS for local lending, which may satisfy some depositors' local investment goals/mandates. Alternatively, with a depositor's consent, we may choose to receive fee income instead of deposits from other banks. Under these circumstances, deposited funds would not be available for local lending.
